GREETINGS

FLORIDA GREEKS

The Florida Greek community welcomes you to the University of Florida. With more than 7,000 members who represent 65 Greek organizations, joining a sorority or fraternity can be a life-changing experience for every student. Although unique in its origin, history, members, and rituals, each Greek organization on campus holds firmly to the common values of unity and excellence. We invite you to look into all of the amazing possibilities and experiences our Greek community has to offer.

The core values of the Greek community highlight a serious focus on scholarship, a high level of student involvement on campus, and a commitment to our community. Scholarship, service, leadership, and community are the four tenets by which each Greek member strives to live. By highly encouraging these four principles to every Greek organization on campus, the Greek community at the University of Florida represents an outstanding group of students who achieve and succeed on a daily basis.

The Greek community also fosters unparalleled opportunities for involvement and leadership. From on-campus leadership opportunities, positions within each specific Greek organization, and positions serving the Greek community, students become rapidly exposed to a multitude of opportunities that can enhance their college experience and develop them into strong leaders. Furthermore, the personal enrichment that accompanies the brotherhood or sisterhood of a Greek organization proves to be one of the most treasured friendships that last far beyond the four years of college.

We believe that being members of the Greek community invariably shaped the type of leaders we are and the type of leaders we will become. We will all be able to fondly look back on our time spent at the University of Florida and recognize the vital impact that the Greek community played in that experience.

Student life outside of the classroom is an integral component of the college experience. Involvement not only makes a large campus feel smaller, it also helps promote academic and personal success. Sororities and fraternities are just one way to get involved at the University of Florida. The Florida Greek community consists of values-based organizations that are committed to our four pillars of scholarship, service, leadership, and community.

Joining a sorority or fraternity is not a decision to be taken lightly. Affiliation with a chapter will mean a commitment to live by the ideals of the chapter and the community every day. In doing so, it is one way to enhance your experience at the University of Florida and create friendships that will last a lifetime.

At the University of Florida, our Greek community aims to complement and expound on the educational experience. Please consider taking more time to learn about our 65 chapters as well as the entire Florida Greek community by reviewing our website at www.greeks.ufl.edu or by attending any recruitment or interest meeting of the organizations.

COMMUNITY AT A GLANCE

Since as early as 1776, fraternities and sororities have challenged students to broaden their collegiate experience. Generally founded upon the values of scholarship, service, leadership, and the development of lifelong friends, the Greek community has fostered excellence in college education for several generations.

Since the establishment of the Florida Greek community in 1884, sorority and fraternity members at the University of Florida have consistently formed the bonds of brotherhood and sisterhood, graduated with high grade point averages, and provided service to the University and its surrounding community.

Our community is strong and diverse with over sixty chapters belonging to one of our four governing councils: Interfraternity Council, Multicultural Greek Council, National Pan-Hellenic Council, and Panhellenic Council. The Florida Greek community at the University of Florida provides an opportunity for students to discover and achieve the best, both in their collegiate years and beyond.

Members raise hundreds of thousands of dollars for various philanthropies. Along with each chapter having its own philanthropic event, chapters participate in other philanthropy events. Service to the community as a whole goes beyond simply donating money. Members also spend time volunteering locally for their philanthropy, or just for fun.

Service is one of the principles of fraternities and sororities at the University of Florida. Members are empowered to make a positive impact on the community and develop an understanding of civic responsibility through the process of serving others. Community service promotes unity among members and cultivates responsibility, appreciation for differences, empathy, and other critical skills students will need for future success.

**All-Greek Service Day**
An annual event providing the Florida Greek community the opportunity to give back and provide service to the greater Gainesville community. This year 24 chapters attended, with over 287 participants.

**Ghouls, Ghoblins, and Greeks**
An annual service project sponsored by the Panhellenic Council’s Junior Panhellenic division. Panhellenic chapters decorate their house and yard to provide a night of Halloween entertainment for more than 600 children and their families.

**Greek Blood Drive**
A week-long competition to see which fraternity and sorority can make the most donations.

**Dance Marathon**
A 26.2-hour event where participants stay awake and on their feet to raise money and awareness for UF Health Shands Children’s Hospital, our local Children’s Miracle Network Hospital. In 22 years, DM at UF has raised more than $10 million.

The Florida Greek Community raised $1,726,125.84 for Dance Marathon and Relay for Life.
The Florida Greek community is an excellent place to gain the experience and knowledge necessary to develop strong leadership skills. The community is largely self-governing, giving student leaders the opportunity to shape policies and standards for their own organizations, as well as the larger fraternity and sorority community. Serving as an officer or committee chair in a chapter or governing council will help an individual develop a multitude of leadership skills including conflict management, delegation, decision making, and effective communication skills.

Being a member of the Florida Greek community often serves as a “gateway to involvement” in other areas of campus such as Student Government, organizations, ambassador programs, student employment, and campus honoraries. Members of the Florida Greek community have historically held some of the highest leadership positions and honors on campus.

Numerous chapters provide opportunities for members to attend regional and national leadership training conferences.

HOW HAS BEING GREEK IMPACTED YOU?

Being Greek has exposed me to many opportunities that I otherwise would not have known about. By getting involved and becoming a leader in Kappa Alpha Order I was able to develop my leadership abilities, which prepared me for later opportunities. Because I went Greek at UF, I found a major that I otherwise would not have known about, learned about and won a seat in the Student Senate, and became heavily involved in IFC. My life would not be the same had I not joined a fraternity, and I think it is crucial for every student to explore the possibility of doing so themselves.

The Multicultural Greek Council, better known as the MGC, is the governing body of 14 culturally-based fraternity and sorority chapters at the University of Florida. The primary purpose of the MGC is to unite its member organizations in order to share ideas and provide a support network for students. Members of the MGC experience Greek life in a unique way. Each chapter is relatively small in size, which fosters strong life-long bonds between members and alumni.

Interested in Joining?
MGC organizations usually have member intake once or twice a year, either in fall or spring. Intake may include interviews, group activities, and study of group values/traditions. The National Pan-Hellenic Council (NPHC) is composed of nine historically black Greek-letter organizations that evolved at a time when black students were denied the essential rights and services afforded to others. Each of the nine NPHC organizations was designed to foster brotherhood or sisterhood and serve as conduits by which action plans could be formulated to influence social action and change in the black community.

Interested in joining? NPHC organizations participate in membership intake once a year as needed, either in fall or spring. The exact time is determined by the specific organization, not by NPHC. Individual organizations will hold informational meetings throughout the school year on campus. They will provide aspirants with the opportunity to learn more about an organization.

Being Greek has given me the opportunity to impact the University of Florida campus and Gainesville community monumentally. I have gained valuable leadership skills and developed strong relationships through the positions that I have held since becoming a member. Being Greek means being a part of the selected few who embody values of Scholarship, positive leadership, service, and community. HOW HAS BEING GREEK IMPACTED YOU?

When I first came to the University of Florida, I was both excited and overwhelmed by finding my place in a campus environment so dynamic and full of life. The Florida Greek community offered me a tight-knit network united by a common set of values, but made unique by the distinct passions, personalities, and backgrounds of its members. Being a Panhellenic woman and a Greek Gator has allowed me to serve the campus and Gainesville community in a greater capacity than I could have on my own. I have the Florida Greek community to thank for shaping me into the conscientious leader, compassionate friend, and diligent student that I am today, and for providing value that will last a lifetime.

What are the costs associated with joining a fraternity or sorority?

The cost of membership varies from chapter to chapter. In general, the first semester of membership is the most expensive because of one-time New Member/Membership Intake fees. Several chapters at UF offer payment plans and scholarships for members who need financial assistance. Each individual has different financial obligations associated with membership and potential new members are encouraged to ask questions about any other fees outside of dues that they will be expected to pay once initiated.

Where exactly is my money going?

It varies from chapter to chapter, however the most common places your money goes:

- new member/ initiation dues
- chapter dues
- national, regional and local dues
- social programming fees
- risk management insurance
- room and board fees

Additional costs throughout the semester will go to meal plans, pictures, gifts, social events, T-shirts, etc.
For many members of the Florida Greek community, living in their chapter house has proven to be a convenient and economical way to enhance their Greek experience. Currently, 39 of the 65 chapters at UF have chapter houses. Each house is managed on a day-to-day basis by a full-time House Director, and is overseen by a local or national house corporation board, a group of alumni who oversee the House Director, chapter finances, and advise on the upkeep and remodeling of the facilities. Many chapter houses provide you with study areas, TV rooms, computer labs, 10-15 meals per week, and limited on-site parking.

**How much does it cost to live in the house?**
For most chapters the fees for living in the chapter house are comparable to, or in some cases less than, living in a residence hall or apartment and having an on-campus meal plan. Room and board, meals, dues, and event costs may be included in one lump sum, therefore making it cheaper than other living situations.

**Can I live in the chapter house as a freshman?**
Chapter living facilities house only active members (usually sophomores and juniors). Almost all New Members and freshmen live in their respective residence halls or off-campus apartments or houses because most chapters fill their houses during the previous spring semester. Members who live “out of house” usually frequent the chapter house during the day and eat lunch and dinner at the house.

**What if I purchase an on-campus meal plan?**
If you purchase an on-campus meal plan and then join a fraternity or sorority with a chapter house, the chapter can assist you in transferring your meal plan to the chapter house. If the meal is mandatory, the meal plan will be prorated and transferred to the chapter house at the cost of the new meal plan. Any remaining balance will be left on your Gator 1 card as declining balance.

Costs per chapter vary greatly. These numbers represent a basic average and are meant to show a general idea of costs per semester.
When can I join a fraternity or sorority?

- Interfraternity Council: beginning of Fall or Spring Semester
- Multicultural Greek Council: varies by chapter
- National Pan-Hellenic Council: varies by chapter
- Panhellenic Council: Formal Recruitment - Fall Semester, the week before classes start; Informal recruitment - beginning of Spring Semester (not all chapters participate)

You must be a currently enrolled, degree seeking University of Florida student.

Innovation Academy and PACE students will be able to seek membership in a social fraternity or sorority as long as they are enrolled and meet all membership requirements. This includes pre-enrollment fall semester.

For the most up-to-date information, all interested men and women are encouraged to visit the Sorority & Fraternity Affairs website at www.greeks.ufl.edu

Do I need to purchase a meal plan if I join a sorority or fraternity with a house?

Some chapters do require a meal plan. Housed chapters have their own meal plan programs and provide 10-15 meals a week. Because snacks and weekend meals are usually not included, many members of the Florida Greek community find it convenient to purchase a campus meal plan for missed meals and extra food. For most students, we recommend declining balance. For more information on UF meal plans, please visit www.gatordining.com.

How much time does being in a sorority or fraternity take up?

Being a member of a sorority or fraternity is a significant time commitment. For most people, the time requirement would be equivalent to taking another 3-credit class.

How are sororities and fraternities held accountable?

While self-governing, each of our individual chapters is held accountable by multiple entities. Chapters are responsible for meeting the standards that are set forth by their inter/national organization, their governing council, and the University of Florida through Sorority & Fraternity Affairs. In addition, each chapter is required to maintain an internal judicial system that is designed to hold members accountable for their actions.

What is the University’s stance on hazing?

UF seeks to promote a safe environment in which students may participate without compromising their health, safety or welfare. The University of Florida takes hazing seriously. Hazing is prohibited by law in the state of Florida and the Student Code of Conduct at the University of Florida. The prevention of hazing is the responsibility of every member of the University community. To file a complaint, please contact Sorority & Fraternity Affairs at (352) 392-1671. For more information on the UF Anti-Hazing Policy, visit www.dso.ufl.edu/sccr.
